Working Washington=92s Special-Interest Money

System

How has the NAB been able to get so much support for its grab of \$70-billion worth of corporate welfare?

Monopolization of the Publics Airways!

The answer lies with two powerful advantages the NAB lobby wields. First, NAB is a major presence in every congressional district in the country. They have the power to report and shape the news, including the power to control how issues affecting their own operations Air Space "SPECTRUM"=97such as the spectrum giveaway=97are

covered. They also control how, and if, Members of Congress appear on radio and television. That makes legislators

extremely reluctant to take them on. "Most lawmakers don't have the nerve to poke a stick in the eye of over-the-air network conglomerates," noted one telecommunications lobbyist.

Second, the NAB is a successful players in the Washington special-interest money game. NAB give generously to political candidates. They also spend millions to lobby

Congress, the Administration and the FCC, making sure that those who carry their message to the White House and Capitol Hill have stellar connections to Washington=92s power elite. The NAB spend lavishly at the political conventions to curry favor. And they pay for

"fact-finding"

trips by congressional aides to learn their side of the issues.
